HI, ROADIUM FRIENDS,

Our lives and what we value have been reshaped by last month's events. Queen Elizabeth said it beautifully: "This is a time we join with all nations across the globe in a common endeavor, using the great advances of science and our instinctive compassion to heal. We will succeed -- and that success will belong to every one of us." She emphasized that it will be discipline, fortitude and good humor that will get us through this historic moment, one that will require strength, courage and a sense of victory! The good news is that we are beginning to see some stabilizing of the COVID-19 cases in most large cities, and official predictions now are talking about the "when and how" we may begin to open for business again. The Radium will be ready! We have been busy planning improvements and always in touch with authorities in order to be prepared as soon as we get the go ahead.
